

Cyber

Cyber insurance is one of the fastest growing coverages in the industry right now. This is because as the world moves into the digital age business are more at risk than ever before. With the average cost of a data breach being \$879,582, it should be a coverage you are offering every one of your clients. A Cyber policy from American Team Managers can offer coverage for your client to ensure their business is not affected due to a data breach.

Cyber Extortion - Business Interruption- Virus - Theft - Unauthorized Access
