

SURVIVE AND THRIVE

WHY WINGMAN CYBER

Nuts & bolts benefits, a shortlist:

- A free, one hour, on-call **24-hour consultation** with an expert law firm to plan your first steps in the event of a data breach.
- **Liability coverage for loss of revenue** when your website is locked, down or inaccessible for business.
- Legal guidance on **how and when to communicate breaches** to your clients.
- If your data is being locked and held for **ransom**, a forensics firm to assess the situation. We pay the ransom if it's the best solution.
- We cover **malware breaches** from the point of detection, some of which can bypass even the most sophisticated protective measures.
- Post-event protections for affected clients and staff including: **credit monitoring, identity monitoring** and **personal insurance plans**.
- A specialist **PR firm** to protect your reputation and limit the loss of future business.
- **Forensic specialists** will trace the cause and suggest necessary fixes.
- In concert with you, **dedicated attorney teams** defend you against injury claims caused by a breach.
- Etc. Etc. Ours isn't a menu of one-off choices, but an all-inclusive package of relief from the growing nature of cyber threats and consequences.
