## Physical Damage Settlement Options

The following options are available. Some restrictions apply; availability and specifics of each option vary by state.

### Total Loss Replacement

If an insured's RV is totaled or stolen and the insured decides to replace the vehicle, National General Insurance will cover the full cost to replace it with a new untitled similar vehicle or a vehicle valued up to the full original purchase price — not a depreciated amount.

- An optional coverage.
- Available within the current model year and 4 years prior for vehicles with an original cost new less than \$300,000. (The new model year begins January 1 of each year.)
- Available within the current model year and 2 years prior for vehicles with an original cost new between \$300,000 and \$500,000 (The new model year begins January 1 of each year.)
- Values up to \$500,000 are permitted.
- If the rating value of the vehicle is reduced, settlement will be reduced to actual cash value.
- In the event of a total loss, coverage provides for replacement with a new or comparable, never titled vehicle in the first 5 model years. After the first 5 model years, settlement is based on the purchase price of the vehicle.
- Despite the coverage form referencing paying the lesser of the purchase price as stated on the Declarations Page **or** the purchase price actually paid by the insured as verified by the bill of sale, in some states the Declarations Page does not reference the purchase price value — in which case, we would cover a replacement up to the purchase price actually paid by the insured as verified by the bill of sale.
- Documentation may be required to verify vehicle type and value.
- Agents should keep copies of all purchase documents in the customer's file.
- RVs that do not qualify for Total Loss Replacement include:
  - Bus conversions
  - Semi's and cabriolets
  - Utility trailers.

### Actual Cash Value

- Settlement is based on current market value/actual cash value of the vehicle.
- The settlement option is available for all RV types.
- Values up to \$1,000,000 are permitted, however, underwriting review is required when value is over \$500,000.

### Agreed Value

If an insured's motorhome is totaled or stolen, National General Insurance will pay the agreed upon value.

- An optional coverage.
- Only available for unique or highly customized motorhomes for which a Blue Book value cannot be obtained easily.
- Underwriting review is required on all vehicles with Agreed Value coverage and documentation may be required to verify vehicle type and value.
- Not available for an RV with an Agreed Value more than \$300,000.

## Purchase Price Guarantee

If an insured's vehicle is totaled or stolen and the insured decides to replace the vehicle, National General Insurance will pay up to the full original purchase price — not a depreciated amount.

- An optional coverage.
- Available within the current model year and 9 years prior on new business and/or when coverage is first endorsed.
- Values up to \$500,000 are permitted; however, underwriting review is required when value is over \$300,000.
- If the rating value of the vehicle is reduced, settlement will be reduced to actual cash value.
- In the event of a total loss, settlement will be based on the difference between the actual cash value of the covered vehicle and the cost of the replacement vehicle — up to the original purchase price of the covered vehicle.
- Documentation may be required to verify vehicle type and value.
- Agents should keep copies of all purchase documents in the customer's file.
- RVs that do not qualify for Total Loss Replacement include:
  - Bus conversions
  - Semi-trucks
  - Medium duty tow vehicles.

## Enhanced Replacement Cost

If an insured's RV is totaled or stolen and the insured decides to replace the vehicle, National General Insurance will provide up to an additional 20% above the actual cash value of the totaled vehicle toward the replacement.

- An optional coverage.
- Available on vehicles with a model year 20 years old or newer
- Values up to \$500,000 are permitted.
- If the rating value of the vehicle is reduced, settlement will be reduced to actual cash value.
- Documentation may be required to verify vehicle type and value.
- Agents should keep copies of all purchase documents in the customer's file.

Only one forgiven at-fault accident can be on a policy at any given time during the experience period.

**Note:** Non-chargeable accidents are not considered.

- Available for any vehicle with Comprehensive and Collision coverages.
- For every claim-free year, the credit balance increases by 25% at each annual renewal — up to a maximum of 100%.
- If a claim is filed, the credit can be applied toward the Comprehensive or Collision deductible for any covered vehicle.
  - Towing and labor only claims do not reset the deductible credit to 0%.
  - Any other claim (excluding Comprehensive/Collision Towing/Labor) will prevent earning another 25% deductible credit at the next annual anniversary.
- If the Comprehensive or Collision deductible is changed, the deductible credit is reset to 0%.
- If at the time of a covered Comprehensive or Collision claim the credit balance is less than 100%, the insured will pay the difference between the deductible and the accrued credit balance.
- If an insured removes Comprehensive and Collision coverages and then later adds the coverage back to their policy, the credit balance is reset to 0% and the deductible period re-starts.

## Full-Timer Protection Plan

- Does not cover towing and labor or rental reimbursement.
 

**Note:** If the covered vehicle cannot be driven as a result of a loss that occurred in Mexico, this coverage will pay the cost of necessary towing and labor to return the covered vehicle to the nearest point in the U.S. where repairs can be made.
- Not available for a bus conversion or an RV in storage.

## Personal Effects

- Coverage is provided at 10% of the limit stated on the Declarations for losses occurring outside the covered vehicle (25% for Full-Timers).

## Quote Information

### Accidents and Violations

National General Insurance writes policies based on a combination of major and minor violations and at-fault accidents.

#### Experience Period

The experience period is typically 35 months or less prior to the policy effective date.

#### Accident Threshold

Accident threshold is the size of the claim at which it is determined if an accident is chargeable or not. Accident threshold varies by state.

#### Non-Chargeable Incidents (NCIs)

The total of NCIs for all drivers — **unless** excluded — is considered when determining the underwriting tier. If a driver has multiple NCIs within the same occurrence, only one NCI is considered for that occurrence. Those NCIs include:

- UM/UIM, Personal Injury Protection, and Medical Payment losses for any Rated driver
- Not-at-fault accidents — including single car incidents — for any Rated driver
- Comprehensive losses of \$1,000 or greater within the household
- Waived violations and accidents
- NCIs that cannot be assigned to a specific driver (attribute applied to named insured)
- Other non-chargeable violations.

#### Not-at-Fault Accidents

All accidents are chargeable — **unless** proof of not-at-fault is provided. Acceptable proof of not-at-fault is:

- A copy of the police report or court documents clearly indicating not-at-fault.
- A letter from the previous carrier.
- A letter from the Agent or from the named insured containing details of not-at-fault, such as:
  - Vehicle involved in the accident was legally parked at the time of the accident.
  - Insured was reimbursed by, or on behalf of, the person responsible for the accident or has a judgment against such person.
  - Insured's vehicle was struck in the rear by a vehicle headed in the same direction and the insured was not convicted of a moving traffic violation in connection with the accident.
  - Vehicle was struck by a "hit-and-run" driver and the accident was reported to proper authority within 24 hours by the applicant or resident driver.
  - Insured was not convicted of a moving traffic violation in connection with the accident.
  - Insured was adjudicated not to be liable by a court of competent jurisdiction.
  - Insured received a traffic citation that was dismissed or nolle prossed.
  - Insured can provide written information establishing that they were not-at-fault and this information is not contradicted.
  - Accident was caused by flying or falling objects or contact with animal or fowl.

Keep these documents in your agency files.

## Financial Responsibility

Financial Responsibility scoring is used in states where permitted.

For applicants 21 years of age or older, National General Insurance uses the applicant's name, current street number, ZIP Code, state, driver license number, and Social Security number to obtain a Financial Responsibility Action Code based on a credit score derived from the applicant's credit history. If the applicant has moved to the current address within the past 6 months, the prior street number, ZIP Code, and state should be used. The Action Code will be a factor in determining which underwriting tier the applicant qualifies. **No one will be denied coverage based on their credit history.**

National General Insurance cannot disclose the credit score or any information included in the credit report to an Agent. If a consumer suspects inaccuracies on their credit report, a copy can be obtained by contacting the crediting reporting agency. Only the consumer can request information related to their credit report.

## SR-22/SR-44 Filings

An SR-22/SR-44 is required under certain circumstances, (e.g., as a result of a DUI, DWI, or other serious moving violation). National General Insurance files an SR-22/SR-44 form with the state to confirm Liability coverage for a specified driver.

**Note:** Storage Protection is not available when there is a driver on the policy who requires an SR-22/SR-44. All vehicles listed on the policy must retain Liability coverage.

## Underwriting Tier

National General Insurance competitively prices risks for all categories — from low risk to higher risk.

All risks are written in the lowest priced underwriting tier for which they qualify. Any risk submitted for a tier for which it does not qualify will be issued in the lowest tier for which it does qualify.

At the inception of the policy, National General Insurance considers factors for rating auto liability insurance. Those factors include, but are not limited to:

- Number of days since the prior policy lapsed
- Prior carrier type
- Total number of non-chargeable incidents
- Prior or current Bodily Injury Liability limits
- Financial responsibility
- Insurance score
- Age of named insured when determining the lowest applicable program tier.

## Proof of Prior (POP)

POP is not required if during the quoting process a hit is received on current carrier that validates prior company, prior coverage dates, **and** prior limits.

Some states recognize a prior National General Insurance as acceptable POP.

If no hit is received on current carrier **or** current carrier only validates prior company and prior coverage dates, the customer must provide:

- Proof of prior Bodily Injury limits
- Proof of 6 months previous continuous coverage. Multiple policies can be submitted to reach the six-month minimum.

If we do not receive required proof within 21 days of the policy inception date, POP will be removed. If POP is received within 45 days, proof will be applied effective back to the policy inception date. If POP is received more than 45 days after the policy inception date, proof will not be applied on the policy

To be considered acceptable POP, a document must be issued by a prior U.S. or foreign insurance company and must contain all the following information:

- Applicant listed as a named insured or as a driver on a personal auto, motorcycle, or commercial policy
- Prior company name
- Bodily Injury limits
  - Note:** If the proof is written in another language and the prior limits cannot be determined, the minimum POP limits must be given.
- Policy expiration date.

The following documents are acceptable POP:

- Declarations Page
- Renewal/Renewal Offer Declarations Page
- Letter from previous carrier
- ID card (acceptable only for minimum Liability limits)
- Commercial Policy
- Motorcycle Policy.

A billing statement is **not acceptable** POP.

## End-of-Term Transfers

For policies being transferred to National General Insurance at the end of the prior policy term, the following company-issued documentation is acceptable POP:

- Renewal Offer
- Non-Renewal Notice
- Prior Declarations Page
- ID card (acceptable only for minimum Liability limits).

## Driver Eligibility

The policy must cover at least one named insured who is a Rated driver. The named insured includes the person listed as the named insured and that person's spouse when residing in the same household. Corporations, partnerships, estates, and receiverships are not acceptable as a named insured.

Named insured or spouse must have a valid U.S. or international driver license.

All residents in the household **or** anyone who regularly drives any vehicle listed on the quote/policy (defined as at least 10 % of that vehicle's usage) must be classified in one of the following categories:

### Rated

At least one named insured or spouse must be a Rated driver. All Rated drivers are evaluated in the various rate calculations.

Rated drivers include:

- Any **household** member who has a driver license **or** who is 17 years of age.
  - Note:** When a Listed driver turns 17 years of age, that driver must become a Rated driver — **unless** in another applicable Driver Status category — as of the effective date of the next renewal term whether they have obtained a driver license or not.
- Any **non-household** member who regularly drives any of the vehicles on the policy at least 10 % of the vehicle's usage.
- Any driver requiring an SR-22/FR-44 filing.

### Excluded

If permitted by the state in which the risk is insured. National General Insurance will exclude any driver from a policy — provided we receive a completed and signed Driver Exclusion form — **except** those requiring a Financial Responsibility filing. Individuals who have a permanently revoked driver license are unacceptable risks — **unless** they are excluded.

### Non-Driver

A Non-Driver is any household member who does not:

- Have a driver license and does not ever expect to obtain one **and**
- Drive and does not ever expect to drive.

This category typically includes, but is not limited to, household members with impairments that prevent them from driving and elderly people who have surrendered their driver license.

Some states do not permit Non-Drivers.

## Listed

Listed drivers are only noted on the policy and do not impact the policy premium.

Listed drivers include any household member who:

- Does not have a driver license or permit **and**
- Is at least 14 years of age, **but** less than 17 years of age.

**Note:** When the household member gets a driver license **or** turns 17 years of age, they can no longer be classified as Listed.

**Exception — Michigan:** A person of any age who has never had a driver license or permit can be classified as Listed. A driver who turns 17 years of age does not automatically get rated at renewal. Drivers remain Listed until the customer contacts us with a valid driver license number.

**Exception — New York:** Any **household** member who is **17 years of age or younger** and who does **not** have an active or suspended driver license, a junior driver license, or a learner permit.

## Other Insurance

Any driver who is 21 years of age or older **and** can prove continuous Liability insurance with another company.

**Exception — Pennsylvania:**

If the insured requests, drivers who are under 21 years of age may have a driver status of Other Insurance. (You can select *Other Insurance* without receiving an error message — regardless of age.) However, the Excluded Driver category is preferable. If the insured elects to have the Youthful Driver status as Other Insurance, advise the insured the youth will remain rated until proof of other insurance (Declarations Page) is received. The proof requirement is not added to the checklist.

## Vehicle and Driver Assignment

Use the principal RV driver when assigning a driver to the RV. Average driver rating is not used for RV driver assignment.

## Driver Marital Status

Only drivers who are legally married or deemed married by state law may be rated as married. Drivers who are married but living in separate households are rated as single. Drivers who are widowed, separated, or divorced are rated as single.

**Note:** Some states recognize widowed as married.

## Garaging Location

RVs are rated based on the ZIP Code in which the vehicle is primarily garaged. Post Office Box ZIP Codes may not be used for rating. The garaging street address and ZIP Code must be given for all Post Office Box mailing addresses.

For vehicles primarily garaged at the named insured's primary or secondary residence, at least one vehicle must be garaged at the same location for a specified period of time (based on state underwriting requirements).

The following are possible exceptions to the same location rule:

- RVs stored at a secured location
- Policy contains only RVs
- Rated as Full-Timer
- Vehicle is garaged out of state and the territory code for that garaging ZIP Code is an acceptable territory. A vehicle garaged out of state with an unacceptable territory code is unacceptable.

**Out-of-State Risks**

RVs rated as Full-Timer or policies with only RV-type vehicles may not be written as an out of state risk.

**Leased Vehicles**

Vehicles that are leased in the insured's name **and** are not classified as Business Use or Artisan Use are acceptable at no additional premium. The lessee should be listed as the named insured or spouse and the leasing company as the loss payee/additional interest.

Vehicles leased by an individual for business use are acceptable if the usage meets Business Use or Artisan Use guidelines.

## Billing, Payments & Fees

### Term of Policy

Six-month and 12-month policies are offered and will display based on availability by state.

### Payments

All National General Insurance payment invoices are billed directly to the insured **except** the down payment, which must accompany the application. Each invoice will contain a schedule of remaining payments.

All refunds are mailed directly to the insured — **unless** the policy is premium financed.

**Note:** Premium financing is allowed in the following states: North Carolina, New York, South Carolina, and Virginia.

When an Agent accepts an insured's check, it should be made payable to National General Insurance or the agency. When an insured's check is made payable to National General Insurance, the check should be endorsed to the agency account by signing or stamping the check and indicating "For Deposit Only".

When an insured's check is returned to the agency for non-sufficient funds, National General Insurance will reimburse the Agent — including any associated bank fees up to a maximum of \$25. Agent notification must be received at National General Insurance within 20 calendar days of the date the insured's check was written in order to receive reimbursement.
